

## Locum Tenens for Campus Clinics

### Your Partner in Higher Education Staffing

Inspired by the pioneering, humanitarian work of Clara Barton, Barton Associates recruits physicians, PAs and NPs in a wide variety of specialties, so that we can quickly place them in health and wellness centers at colleges and universities nationwide.

We understand the urgency of filling open positions and attending to student needs, so Barton has the depth to be able to efficiently assign a qualified provider to your campus, as quickly as within 24 hours. We also know that obtaining a return on your investment and knowing the cost ahead of time are likely among your primary concerns.

Locum tenens staffing is an effective way to ensure student access and continuity of care. Barton Associates is contingency-based and only charges for the rate of the provider when they are accepted into one of your open positions - nothing else. We cover the credentialing, licensing and travel arrangements in-house, to save you time, energy and headaches (and avoid any extra fees!).

### The Barton Difference

Whether you need long-term support, short-term vacation coverage, or anything in between, the locum tenens experts at Barton Associates are here to help.

Working with Barton gives your campus:

#### UPFRONT PRICE TRANSPARENCY

When you partner with Barton Associates, there are no hidden fees or extra costs built into a contract. What you see is what you get. Your dedicated account manager will work with you to determine a pay rate for each locum tenens provider that works within your organization, and that amount will not change or increase for any reason.

#### DEPENDABLE STUDENT SUPPORT SERVICES

The Barton recruiting team conducts thorough interviews and reference checks to ensure that we have the best network of locum tenens physicians, NPs and PAs in the industry, giving you constant access to the best talent in the industry for your health centers.

#### THE FREEDOM TO NEVER WORRY ABOUT SUDDEN VACANCIES AGAIN

Barton's locum tenens providers can fill your wellness center's needs for any position and specialty. They can be available within 24 hours for openings ranging from a few days to more than a year. Whether due to union strikes, staffing shortages, planned vacations or retirements, we're here to help continue providing care.

#### THE ABILITY TO LEAVE THE COMPLEXITIES OF HIRING TO US

From securing the perfect candidate to handling all credentialing and travel-related issues, Barton's in-house operations team handles the entire locum tenens staffing process for you, ensuring a smooth and stress-free experience.

**All you need to worry about is welcoming your new provider to campus!**
